

PRODUCT INFORMATION

SSC-600 Cap Sealer

The SSC-600 cap sealer/tamper evident bander is a hardworking applicator that never complains. Even in harsh conditions, the drive train applies neckbands all day with speed and precision. Don't let the small footprint fool you, this is a very capable machine.

PRODUCT DESCRIPTION & SPECIFICATIONS

Sleeve Seal SSC-600 Cap Sealers

Sleeve Seal Cap Sealers offer the same rugged construction and precision application as our vertical labelers with rapid tool-less changeover of change parts. Our cap sealers and vertical shrink labelers utilize identical drive trains, allowing the user to switch safely and easily from format to format.
